

Materials you will need: card /scissors / safety pin or sticky back velcro. **Optional :** glitter / foil / metallic paint / shiny wrapping paper/ pencils and glitter gel pens.

Step 1: On the card, draw your own scifi badge like Star Trek - (well make it DaDa style!) If you want, you can draw around Rob's design and use it as a template.

Step 2: Cut out your design and decorate it with silver and gold shiny materials like foil, wrapping paper and glitter! stick it to your card with a glue stick and decorate it.

Step 3: Attach your finished badge onto a plain red t-shirt on the left near your heart. Attach it using your safety pin or velcro - and you're ready to rock!

If you don't fancy drawing, you can always print and cut out the picture of Rob's badge! Then stick it to your card with a glue stick and decorate !
