WHAT WILL HAPPEN AT SODA BEAT?

Soda Beat is a live music event. There will be a stage with bands and musicians performing.

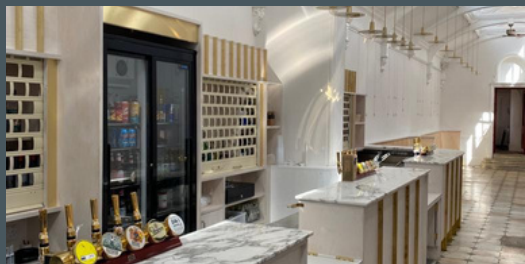

The whole event is relaxed. This means you can move and make noise. You can leave and come back whenever you want to.

If you have any problems or questions on the night, you can ask anyone in an orange sweatshirt. They are there to help!

There are two rooms that you can go in and out of whenever you like.

Bar Room

In the bar room there is a bar where you can buy drinks. Seats are available at the back of the room.

Chill Out Space

At the back of the bar space there will be a chill-out space. Please let someone in an orange sweatshirt know if you need support in this space.

The chill-out space will be much quieter. If you need a break from whatever you're doing you can go to the chill-out space. You will be able to sit wherever you like. Ear defenders will be available in the chill-out space if you require them at any point.

Main Space

In the main space, you can watch the live performances and there are some tables and chairs.
